George W. Moss, Major R. R. Henry and M. J. Hankins were in Bluefield this week on business.

Dr. Paul B. Hunter, manager of the Richlands Pharmacy; Mr. T. H. Davis, the well known insurance man, and M. C. Lee, of the Yellow Poplar Lumber Company, were here on Tuesday and paid this office a pleasant call.

R. C. Chapman, the well known dry goods merchant, returned last Sunday from New York, where he had spent sometime buying goods.

Captain George Shafer and Robert Moss and A. S. Greever were here on Tuesday in attendance upon the meeting of the executive committee of the Fair Association.

Mr. Joseph Hibbitts, clerk of Buchanan County for nearly forty years, died at the Memorial Hospital in Richmond last Monday. He was taken there in a very precarious condition three weeks ago. He was 65 years old. The remains were brought to Grundy for burial.

The Tazewell Supply Co.

The Tazewell Supply Company have an important announcement in this issue. Mr. H. G. Peery, the progressive head of this firm, is pushing and forging ahead. His goods at his prices ought to go like hot cakes.

Owing to pressure upon our space this week some interesting matter must go over. Among this important matter is the proceedings of the last meeting of the Ananias Club.

Rev. Mr. Paty, of Burke's Garden, was in town on Wednesday expecting to meet Mrs. Paty upon her return from a visit to North Carolina and Tennessee, but received a letter instead informing him that she was sick at his mother's in Tennessee, and not able to come home now, but hopes to be able to come in a few days. And so the preacher drove back home a little "down in the mouth."

Capt. Jno. D. Alexander left on yesterday for Atlanta to be at the bedside of his brother, Rev. J. H. Alexander, who is seriously ill from Bright's Disease. At last account little hope was entertained for his recovery. He is 75 years old.

There will be services at Stras Memorial Episcopal church next Sunday, June 19th, at 11 a. m. The public is cordially invited to come.

"More rain more rest," but less grass and less corn if continued too long.

Rev. D. A. Lefel was here on Tuesday, with about the same basket on his arm and the same genial smile on his handsome face. He was optimistic—"corn small but will be larger, oats, wheat and potatoes in good shape, Sunday schools flourishing and a new preacher coming," is about the way he put it, and he did look good and some people might actually imagine, even handsome.

The moving picture show on Tazewell avenue is still attracting a great deal of attention. The management have enlarged the tent, making the pictures better and larger. New pictures are shown every night.

William Jones, of Five Oaks, was here on yesterday. He has just returned from a visit to Tennessee, where he visited Dr. J. A. Shuler, who moved recently from Tazewell to Baleton, in Hawkins county, Tennessee, where he has a large practice, and is doing well. Mr. Jones says crops and gardens are looking well in Tennessee, and the prospect is good for a fruit crop. Frost has done very little damage in that section.

Embroideries.

Pretty enough for anything you are planning just now—from the graduation dress to shirtwaists and tub frocks. Very sheer fine Swisses, nainsooks and practical cambrics. In the very patterns most women choose at the regular counter. The range from 3 to 10 inches wide, and in almost every instance you will find edge and insertion to match. They are an important surplus of broken sets, but the widths that are lacking you will probably never miss at all. So, instead of being a fault it is an attraction.—Chapman's, Tazewell.

Fancy Hosiery

The well dressed man of today wears hose to match the rest of his apparel. In our large assortment you will find just the color you wish. Cotton, lisle, cashmere, silk.—Chapman's, Tazewell, Va.

Lingerie and Tailored Waists.

There is a fine harvest in the waist-making world these days, and we have been busy gathering from the choicest places. As careful as at style workmanship, proportioning and all details, as though we were going to ask you full prices instead of just about cost of materials.

Gloves.

White Gloves are a necessary accessory with the white gown, and we have a complete assortment of gloves specially made for summer wear.

Hand-Embroidered Linen Dresses.

The woman in a cool, well-fitting, daintily embroidered linen dress—is there any woman who looks more attractive in the summer time? And now comes a chance to buy Paris-American hand-embroidered linen dresses for half of the regular price.

The linen robes were hand-embroidered in Paris. The dresses were made here—so that they might be exactly right for American feminine figures.

Hair Switches.

It is next to impossible for a woman to dress her hair in the new turban style without a couple of switches to make the braid which is wound completely round the head.

So we are very glad to be able to announce once more a full range of shades—light brown, medium, dark brown and black in the finest qualities at prices which for this grade of hair are confined, we believe, exclusively to Chapman's.

Ladies Tailored Suits.

Man, vain creature, is always pleased to see a woman he admires look well in a man tailored suit. Doubtless he considers it a delicate compliment to himself!

Most of our spring suits are now quoted at average half-price. Tailored with the apparently artless simplicity that suspect, and women know, is the highest degree of art. Chapman's, Tazewell.

Trunks.

It is none too early to begin planning the summer's vacation trip. It may include a trip around the world, or perhaps only for a short distance but why spoil any of your pleasure by taking along a trunk that might not stand the strain of much handling? Our trunks are built to withstand hard knocks.

Parasols.

The cool weather of May upset parasol makers' calculations to such an extent that one of the best of them found himself with two or three times as much stock as he wanted or expected this season.

Helping him to unload has brought here the best parasol values of the season. Chapman's.

Fair Premiums This Fall

The premiums to be offered by the Tazewell Fair Association this year will be as liberal as is possible. In the Agricultural department premiums will be offered as last year generally, with some important changes. The corn premium will be liberal. Premiums will be offered for the best vegetables, grain, hay, etc., as well as for all kinds of produce. There must be a large exhibit.

Miss Howell's Department will be enlarged, and perhaps include premiums for best pictures, paintings, etc. The exhibit in this department next fall promises to be a leading feature.

Tazewell Leads

Achieve Buchanan, son of Mr. and Mrs. A. B. Buchanan received his A. B. degree at Hampden Sidney College this year, receiving the highest grade in the entire senior class of thirty five members. Tazewell boys nearly always come out on the top when they have an opportunity.

At The Rochester Hospital.

Mrs. Luther L. Dickenson, of North Tazewell, left on last Saturday for Rochester, Minn., where she will undergo an operation for appendicitis from which she has been suffering for sometime. Her brother, Dr. Raymond Clapp, of Kansas, came here to go with her to the hospital, and be with her during her sickness. Her husband, Mr. Luther Dickenson, has heard that she reached her destination safely, little the worse for the long journey. Her many friends here hope for her speedy recovery, and return to her home.

BRIGGS-GRAHAM.

George Briggs and Miss Vilee Graham were married at Williamson last Sunday night by Rev. Samuel Moore.

The bride is a daughter of Mr. and Mrs. S. M. Graham, of Graham and has been a teacher in the Graham school and was recently re-elected for another term.

Mr. Briggs was cashier at the Graham depot for several months and it was while he was serving in that capacity that he met his bride. He won a host of friends while employed here.

The happy couple will reside at St. Paul upon their return from their wedding trip. Mr. Briggs is at present cashier for the Norfolk and Western and the C. C. and O. railroad companies at St. Paul.

We join the many friends of the happy couple in extending congratulations.—Graham Banner

11 ACRES RIGHT-OF-WAY FOR \$8000

The Norfolk and Western has bought a right-of-way through the coal lands of the Beech Fork Coal company, known as the Barnett land in McDowell county, paying eight thousand dollars for eleven acres. The Beech Fork Company is composed entirely of Tazewell people, and contains about three hundred acres. The company formed here bought several years ago this large boundary of land for about \$7,500.

It is stated that this is the only right of way the company needed to complete the Indian Creek Branch.

Pictures Don't Change

A little money put in good photographs today secures something that increases in value each succeeding year. Baby is changing rapidly—you want the baby's picture as it is today. Father and mother will not always be with you. Brother and sister will drift apart. Have your pictures of all these to preserve the home ties? Photographs made at Black's gallery are a pleasure to have.

Honor Roll

For week ending June 6, Seventh grade, Miss M. Louise Eanes, teacher—Mamie McCall, Irene Peery, Ellen Dailey, Evelyn McCall, Geraldine Kendrick, Elizabeth Ward, Lucile Thompson, Nannie Heldreth, Nanette McBryde, Eloise Greever, Anita Gillespie, James Peery, Sam Hoover.

For week ending June 13—Irene Peery, Evelyn McCall, Lucile Thompson, Nannie Heldreth, James Peery, Alex Witten, Andrew Witten, Sam Hoover.

Fourth grade for week ending June 6th—Miss Elizabeth J. Hunt, teacher—Mary Coulling, Martha Coulling, Eloise Bustin, Mary Moore, Billy Copenhaver.

Week ending June 13th—Mary Coulling, Martha Coulling, Eloise Bustin, Mary Moore.

PRESIDENT COPENHAVER

Dr. K. P. Copenhaver, the well known dentist of this town, was elected President of the Southwest Dental Association at its recent session at Pulaski. Dr. Copenhaver read a paper before the Association which was highly complimented in the newspaper reports of the meeting.

For several years Dr. Copenhaver, in addition to the work of a large and growing practice, has managed the affairs of The Tazewell Fair Association, and did it well. He justly deserves the new honor which has come to him.

Move on The Fair

Just a little more than two months remain before the meeting of the Tazewell Fair Association. This is a short time in which to get things in shape. The officers are getting busy, the catalog is about ready for the printer. The coming meet must be made the best yet, and can be if everybody will hustle. The season is somewhat against a great agricultural exhibit so far as certain fruits and vegetables go, but so much the greater reason for all of us making more extraordinary efforts.

JACKSON'S The REXALL Store,

In a Kindly Neighborhood

"Yes, my property was burned, but my neighbors have looked after me, and I am now in as good shape as I was before my house burned."

The above is a very common saying, but a man need not impose upon his neighbors when the rates of insurance are so reasonable. Your neighbor may be insured and if he burns out you cannot repay what he has already done for you. He assumes no responsibility; why should you? A wise man insures his property; a foolish one carries his own risk. To which class do you belong? There is no middle ground. Write or call on me and I will convince you that the above is true.

Do You Trust to Luck?

Some folks put the savings of years into a home and they rely on their luck to avoid a fire. Other folks invest their entire assets in a store or factory and take chances on having them wiped out over night. Do you? We insure all classes of property, and will take pleasure in writing a policy for you, no matter how small or how large.

We have the facilities.
